Polo Grounds, New York, Oct. 5.—

#### FIRST INNING

Yankees—Miller up. Was safe at first on a drive that went through Rawlings for a single. Peck sacrificed, Douglas to Kelly. Ruth singled to center, scoring Miller. The crowd went crazy. Meusel hit into a double play, Frisch to Rawlings to Kelly. One run. Two hits. No errors.

Giants—Burns, out. Peck to Pipp on first ball pitched. Bancroft out. Ward to Pipp. Frisch singled to center on the second ball. Young out. Mays to Pipp. No runs. One hit. No errors.

#### SECOND INNING

Yankees—Pipp out. Rawlings to Kelly. Ward walked. McNally out. Frisch to Kelly. Schang fanned. No runs. No hits. No errors.

Giants—Kelly flied to Ruth. E. Meusel flied to R. Meusel. Rawlings was hit by pitched ball and took first base. Snyder out. Schang to Pipp. No runs. No hits. No errors.

#### THIRD INNING

Yankees—Mays, out. Rawlings to Kelly on the second ball pitched. Miller out. Bancroft to Kelly. Peck fanned. No runs. No hits. No errors.

Giants—Douglas flied to Ruth. Babe juggled the ball but held it. Burns out. Peck to Pipp. Bancroft out. Ward to Pipp. No runs. No hits. No errors.

#### FOURTH INNING

Yankees—Ruth walked. R. Meusel popped to Frisch. Pipp sacrificed. Frisch to Kelly. Ward out. Bancroft to Kelly. No run. No hits. No errors.

Giants—Frisch singled to right field. Young up. Frisch stole second. Young out. Mays to Pipp. Mays made a nice play retiring Young. Frisch went to third. Kelly fanned. E. Meusel out. Peck to Pipp. No runs. One hit. No errors.

#### FIFTH INNING

Yankees—McNally doubled to left. Schang sacrificed, Douglas to Kelly. Mays fanned. Miller up. McNally stole home. Snyder dropped the ball

when it looked like a sure strike out. Miller out. Frisch to Kelly on a nice play. One run. One hit. No errors.

Giants—Rawlings out. Peck to Pipp. Snyder out. Peck to Pipp. Douglas out. Pipp unassisted. No runs. No hits. No errors.

#### SIXTH INNING

Yankees—Peck singled through Bancroft. Ruth fanned. Peck scored when R. Meusel tripled to center field fence. The umpire called R. Meusel out for failing to touch first base on his triple. Then Kelly stepped on the base for the out. Pipp walked. Ward up. Douglas nearly nipped Pipp off of first but the Yankee made it by a quick slide. Ward up, ball one. Pipp out stealing. Snyder to Rawlings. One hit. One run. No errors.

Giants—Burns out. Mays to Pipp. Bancroft out. Pipp unassisted. Frisch got his third hit on a triple to the center field fence. He made the base on a slide in a very close play. Young out. Peck to Pipp. No runs. No hits. No errors.

#### SEVENTH INNING

Yankees—Ward fanned. McNally out. Rawlings to Kelly. Schang walked. Mays up. Schang was hit when he was hit by Mays' batted ball. No runs. No hits. No errors.

Giants—Kelly popped to Ward who ran near the right foul line for the catch. E. Meusel out. Ward to Pipp. Rawlings singled to right. It was a Texas Leaguer that dropped in front of Bob Meusel. Snyder up. Strike one called. Snyder forced Rawlings, Peck to Ward. No runs. One hit. No errors.

#### EIGHTH INNING

Yankees—Miller popped to Bancroft in short left. Peck out. Rawlings to Kelly. Ruth fanned, swinging hard. No runs. No hits. No errors.

Giants—Smith batted for Douglas. Smith flied to Ruth. Burns out. Peck to Pipp. Bancroft flied to Ruth. No runs. No hits. No errors.

#### NINTH INNING

Yankees—Barnes replaces Doug-

### Fair and Cool

New York, Oct. 5—Opening day for the world's series dawned fair and cool. A brief shower before daybreak was followed by clearing weather and when the sun rose the sky was practically cloudless.

There was a tang of autumn in the air, but this was rapidly dissipated by the bright sunshine.

There was a moderate northwest wind.

## FANS STORM POLO GROUNDS AT DAWN

Five Hundred Stand in Line at  
Bleacher Gates All Night Unde-  
terred by Rain and Cold

### AUBURN, N. Y. FIREMEN FIRST

Charles M. Kriest Stands at Gate  
From 10 A. M. Tuesday Until Op-  
ening—Is a Giant Fan

By PAUL R. MALLON  
(U. P. Staff Correspondent)

Polo Grounds, New York, Oct. 5.—A maelstrom of baseball fans whirling, clutching treading on each others' heels, jamming good naturedly with elbows and knees, fought its way into the bleacher seats of the Polo grounds for the first game of the world's series today.

Many had waited all night to be at the head of the mad rush. Thousands came during the morning, within an hour after the gates were opened they were closed again. The mass of fans had spread over the bleachers until not a seat remained.

Outside the disappointed sent up a roar and rushed to see if there remained any grand stand seats.

By 8 a. m. there were 1200 in line at the bleacher gates and crowds coming on every subway and elevated and railway train. Taxicabs in this part of New York brought others to swell the ranks. About 500 weary but eager fans had been there all night long, undeterred by rain and cold. They had their reward this morning when those who had slept at home last night arrived to find long lines between them and the choicest bleacher seats.

The first man in line that annually important figure who becomes nationally famous every October, was Charles M. Kriest, a fireman of Auburn, N. Y.

Charley, injured to hardships such as staying out all night and a "baseball bug ever since I was knees high" had been out there up against the fence, ever since 10 o'clock Tuesday morning.

"The Giants are going to win,"

## GRAND JURY RETURNS TWENTY TRUE BILLS

No Arrests Made on Bench War-  
rants and Investigators Adjourn  
Until Oct. 18

### F. RICKETTS SENT TO JAIL

The grand jury made a partial report last night when they returned 20 indictments, and adjourned until October 18, when they will again be in session. The nature of the indictments was not disclosed today as no arrests had been made by Sheriff Jones.

Forest Ricketts was sentenced to jail this morning for ten days by Judge Sparks on a citation for contempt of court. The charge was preferred by his divorced wife, who had him arrested for not paying support money. They were divorced on June 30, 1916, according to the court record. Ricketts is the second man to go to jail recently on a contempt of court charge of the same nature.

The bench warrants on the 20 grand jury indictments were handed Sheriff Jones today, and in all probability arrests will begin to be made late today or Thursday.

## Father Will Appear Against Own Daughter

"Billy" Trueblood to be Called to  
Testify in Southard Trial

Twin Falls Idaho, Oct. 5—"Billy" Trueblood, father of Mrs. Lyda Southard alleged 'blue bearded' on trial on a charge of poisoning her fourth husband, Edward F. Meyer, will probably be called to testify against his own daughter, it was learned today.

Trueblood it is understood, will probably be summoned by the prosecution to testify as to what he knows of the manner in which Mrs. Southard made good her threat to "leave this town and go so far away that no one will ever find me".

After making an attempt to collect the \$10,000 insurance on Meyer's life by making application for the money money, Mrs. Southard suddenly disappeared from Twin Falls the state charged.

## EMPHATIC DENIAL OF DEPOT RUMOR

Officials of Three Railroads Here  
Today Says They Came to  
Discuss Express Business

### NO TALK OF UNION STATION

Color Lent to Story by Reason of  
Engineers Surveying Depot Site  
Near Big Four Station

Officials of the Lake Erie and Western, Big Four and Pennsylvania gathered here today to confer on methods of cutting the operating expenses of the American Railway Express company and improving the services.

As is customary with railroad authorities, they refused to discuss the meeting in detail and would not give out anything officially in regard to the conference. They also refused to permit their names to be used in connection with any announcement about the meeting.

Knowledge of the conference was gained through revival of the perennial rumor that the three railroads planned to join in building a union station in Rushville and that the express office would be located in the depot.

One railroad official who was in the conference emphatically denied that any such a move was contemplated, but stated that the road representatives were meeting for the purpose of planning ways to improve the railway express service, adding: "You know that if the express company does not make any money, neither do the railroads, and for that reason the railroads are interested in the express company."

It was explained that wherever possible the American Railway Express company office was being placed in the railroad station, but that the facilities were lacking for any such consolidation in Rushville.

This lent color to the rumor that the three railroads were planning a union depot and express office as a means of improving the service and lessening the costs of operation.

It is also understood that there is no chance for reducing operating expenses of the express office here because the force has been reduced to a point where the services of none of the employees can be dispensed with.

Another thing which made the rumor of a union depot and express office look like more than a mere "grapevine" was the fact that engineers for the three railroads were in Rushville Tuesday surveying a plot of ground near the intersection of the Big Four railroad and First street, which is regarded as the most likely location for a union station, because it is near the point where the Pennsylvania intersects the Big Four, on which lines the L. E. & W. enters the city.

### TO TAKE UP RELIEF BILL

Washington, Oct. 5—The senate interstate commerce committee will take up the administration's relief bill at a meeting Friday, Senator Cummins announced today.

### Not a 1 O'clock Town

Chicago, Oct. 5—Chicago is no longer a one o'clock town.

The lid was ripped off Chicago's gay night life when the appellate court handed down a ruling stating the city authorities had no right to close cabarets at one a. m.

Gay parties at Colosmo's, Green Mill Gardens and other places did not break up until breakfast time today for the first time in years.

## SIXTEEN BIDS ON FIRE APPARATUS

City Council Defers Action to Allow  
Time For Consideration of  
Various Proposals

### NINE COMPANIES BIDDERS

Each Representative is Given Ten  
Minutes to Explain Apparatus  
He Offered For Sale

A total of sixteen proposals for fire apparatus was submitted last night to the city council for consideration, and on account of the various kinds of propositions made, the placing of an order for the motor pumper was deferred until the council can have time to study over the various plans and specifications offered by the nine companies who made the bids.

The prices on the new equipment ranged from \$3,960 to \$11,000, with equipment at almost any price between these two figures. Some of the companies offered more than one bid, and promptly at 7:30 the bids were opened and read.

After the bids had been submitted, the representatives of the companies drew lots, and each was given ten minutes to appear before the council on behalf of the apparatus which they desired to sell. Other salesmen were excluded from the council chamber, and only one at a time was admitted.

Following are the bids as they were opened last night:

Ahrens-Fox Fire Engine Company, Cincinnati, for a 500 gallon capacity motor pumper, triple combination motor truck complete, \$11,000. Delivery could be made within 120 days. Mr. Ahrens, vice-president of the company, was here in person, and presented his argument, claiming that his equipment was the best, on account of the workmanship, and the type of pump used. The present pumper in use was sold by Mr. Ahrens here in 1896.

American LaFrance Company offered two bids, one on a 350 gallon capacity for \$9,750, and one a 600 gallon capacity for \$10,000. Delivery could be made within 90 days, according to the contract.

Howe Fire Apparatus Company,  
Continued on Page Four

## TEMPERATURE DOWN TO FREEZING POINT

Low Mark of Season is Ushered in  
With Heavy Frost, Mercury  
Dropping to 32 Degrees

### FAIR AND WARMER FORECAST

The first frost of the season was ushered in last night with a thin coat of ice, when Elwood Kirkwood, in charge of the government thermometer at Mauzy, reported that the mercury recorded as low as 32 degrees in the night, which is freezing temperature.

Although there were some signs of a frost on the night before, there was no doubt of the frost last night, and it was clearly to be seen late this morning. Mr. Kirkwood reported that last night was the coldest this fall, and that there was a thin layer of ice, as the result of the low temperature.

The weather man does not predict a frost for tonight, but promises weather for tonight and Thursday.

Several thermometers in Rushville went lower than the 32 degree mark last night, it was reported today.

## WATSON REAL SENATE LEADER

Indiana Senator Takes Reins For  
Purpose of Getting Action on  
Tax Bill

### A "BLOODLESS REVOLUTION"

Senator Watson's Part in Causing  
Penrose to Give Out Interview  
Is Related

### OBJECTED TO ADJOURNING

Told President What Was Planned  
and Got Harding's Consent to  
Keep Congress in Session

By LAWRENCE MARTIN  
(U. P. Staff Correspondent)

Washington, Oct. 5.—Republican leadership in the Senate has undergone a change by means of a "bloodless revolution," Senators said today.

As a result, Senator Watson of Indiana, stands as the actual Republican leader, while Lodge, Curtis, Cummins and Penrose play relatively minor parts.

There has been no change in the formal organization, which recognizes Lodge as leader, Curtis as whip and Cummins as president pro tem. Penrose remains as head of the finance committee. But Watson having assumed the reins for the purpose of getting action on the tax bill, is now regarded as the real chieftain.

Watson's leadership came upon him in this wise:

He grew disturbed over word from the administration that an early adjournment of Congress for at least the opening days of the disarmament conference would not be objected to. Watson canvassed the Senate. Democrats told him if Republicans tried to adjourn with the program uncompleted they would be pilloried.

One Sunday Watson told Harding at the White House that congress must be kept on the job. Harding agreed.

Watson, Monday told Penrose the time had come to make out a program, announce it to the country, and then put it through. He urged Penrose to permit himself to be interviewed and formulate the program in the interview. Penrose demurred. Watson then said he would make a speech to the Senate, announcing the Republican program. Penrose changed his mind and gave out an interview, in which he said the tariff wasn't dead, Senator Lodge was still leader and the Republicans were going to press for as early consideration as possible on taxes.

## BLINDED BY LIGHTS AND RUNS INTO CAR

Charles Ryan Slightly Injured in a  
Collision at Corner of Ninth  
And Main Streets

### MACHINE WAS BARELY MOVING

Charles Ryan, living at the corner of Willow and Ninth streets, suffered painful injuries Tuesday evening, while riding a bicycle, when he ran into the front of an automobile driven by Harrie Jones at the corner of Main and Ninth streets.

The automobile was barely moving or Mr. Ryan would probably have been run over and possibly fatally injured. Fortunately, for him, however, Mr. Jones had brought his car almost to a stop while waiting for an automobile to come out of Ninth street into Main, it being impossible for two machines to pass at that point on account of excavating which is being done in Ninth street.

Mr. Ryan was thrown off his bicycle by the impact, the handlebars striking one of the lights on the machine and breaking the lens. He sustained no broken bones and escaped with only a few slight bruises. Dr. R. O. Kennedy was called and gave him a thorough examination.

It is thought that he was blinded by the lights of the machine coming out of Ninth street and did not see the Jones car.

Congress Today

House
Continues consideration of tax revision bill.
Debate on peace treaties and Panama canal tolls repeal continues.
Judiciary committee considers sundry bills.
Senate
In recess until Friday.
Statistics show that one of every nine couples gets a divorce.

New York Stocks

New York, Oct. 5—Reaction was dominant in the general list on the New York stock exchange today. It lasted throughout the first hour. Professional traders seized upon weakness of special issues, such as American Sugar and Pierce Arrow preferred a pretext for attacking speculative leaders such as Baldwin Asphalt and Studebaker. Pierce Arrow preferred broke to a new low at 21¾ and Baldwin got below \$6. There has been good buying of seasoned oil stocks on favorable developments affecting the oil industry. Everything points to a revival of oil industry and consensus of opinion is that prices for petroleum and its by-products will work higher.

Statistics show that stocks of crude oil at Atlantic coast refiners dropped 30 percent below the peak in the last few months while those at middle west refiners have dropped five points.

Prices were irregular at the opening of the stock exchange today. Opening prices included: Texas Co. 37½ up ½; Industrial Alcohol 44, unchanged; Studebaker 72½, off ½; United States Steel 79½, unchanged; Bethlehem B. 55 off ½; Crucible 62½ off ½; Asphalt 53½ off ½; Kelly-Springfield 41½ off ½; Reading 72, unchanged; Utah 52½ up ½; U. S. Rubber 48½, off 3-8.

5 MEN ADRIFT CITED

New York, Oct. 5—The steamer Hudson today reported to the naval radio here that five men were sighted adrift in a boat five miles from Ambrose Channel light ship. The coast guard was notified and started to the rescue.

AMUSEMENTS

Conway Tearle Coming

Conway Tearle in a new Selznick Picture, "The Fighter," is the feature production which Friday will begin a two day engagement at the Princess theatre. Supporting the star in this production is a large cast of prominent players headed by Winifred Westover.

"The Fighter" is said to be one of the most pretentious productions ever made at the Selznick studios. The story, by Albert Payson Terhune, the noted novelist and magazine writer, contains a wealth of excellent material for a star of Conway Tearle's ability. The R. Cecil Smiths, who have pictured some of the greatest successes on the screen, made the adaptation of "The Fighter," and have provided Mr. Tearle with a vehicle which should easily prove his most successful effort in motion pictures. Henry Kolker directed.

Mr. Tearle, himself a writer and an excellent judge of picture material, was enthusiastic over the possibilities contained in this story and upon the picture's completion the star expressed the belief that "The Fighter" was the most satisfactory picture he had ever made.

Winifred Westover, who supported Tearle in his previous Selznick success, "Bucking the Tiger," plays the leading feminine role in "The Fighter," and other prominent names in the cast are Arthur Houseman, George Stewart, Ernest Lawford, Warren Cook and Helen Lindroth.

"Colorado Pluck" Mystic

William Russell, who comes to the Mystic Theatre today in the William Fox picture "Colorado Pluck," rides into the hearts of his admirers on one of the most smoothly running motion picture vehicles yet built for the silver screen.

"Colorado Pluck" boasts a latitude extending from the "every-man-his-own-law" atmosphere of the typical mining camp of frontier days in the West to the confined atmosphere of European nobility. In it there are said to be two laughs for every sigh and two thrills for every laugh.

"Colorado Pluck" is the story of a successful Western miner who visits New York's famous Gay White Way, and eventually goes to England and marries a daughter of nobility—and therein his worries begin. The luckless miner soon realizes his money, not he, was the attraction to the girl. A bad investment brings him down to close margins, and he decides that his arrogant wife must accompany him on his return to America to engage again in mining.

There is a touch of sadness in the big-hearted miner's almost

—Mrs. Laura Wertz, formerly of this city but now of Syracuse, Ind., was here today visiting among friends.

—Mr. and Mrs. Paul L. Stewart have returned to their home in Waldron after a visit with Mr. and Mrs. Charles H. Stewart in this city.

—Roger Hanna and Paul Moore of Bloomington, Ind., stopped off in this city last evening for a few hours visit with Dr. D. H. Dean while enroute to Harvard University New Haven Connecticut, to attend a foot ball game.

TEN INVESTIGATIONS OPEN

Ku Klux Klan Faces Grand Jury Probes in Texas Communities

(By United Press)

Dallas, Tex. Oct. 5.—The Ku Klux Klan and other masked organizations were to face grand jury investigations in at least ten Texas communities today. Judges in these courts condemned the "invisible empire" in their instructions to the juries and ordered sweeping investigations.

Reports early today from the sanitarium at Waco, where Louis Crowe, Waco laundryman and one of those wounded in the Lorena affray, were that he was sinking rapidly. Two others including Sheriff Bob Buchanan, who led the attempt to halt the parade, were still in a serious condition.

FIGHTING EXTRADITION

Union Coal Miners Try to Prevent Return of Organizer to W. Va

Indianapolis, Ind., Oct. 5.—Union coal miners appeared before Governor McCray today to fight extradition of David Robb, international organizer who is wanted in West Virginia on a charge of murder growing out of the Mingo mine war.

Governor Morgan asked the extradition late yesterday under an indictment charging Robb with the murder of Dan Whitt.

Robb said he is fighting extradition on the grounds that several union men have been murdered while in legal custody of state officers in West Virginia and he believes his life would be unsafe.

JEWELRY STORE ROBBED

Anderson, Ind., Oct. 5.—Using a padded brick, robbers broke the plate glass window of the Ebann and Olson jewelry store in the main business section of Anderson early today and stole \$600 worth of diamond rings and other jewelry. The robbery occurred about 5 o'clock while police officers were changing shifts and the crash was heard by a number of persons. The thieves escaped.

U. M. W. DELEGATES ARE RETURNING HOME

Convention Closes Today in Indianapolis With Pres. Lewis Firmly in The Saddle

FREE TO START WAGE PARLEY

Indianapolis, Oct. 5.—Delegates to the United Mine Workers convention were expected to return home today after more than two weeks of stormy debate and bitter factional wrangles.

The outcome leaves President John Lewis and his administration firmly in the saddle to conduct wage negotiations with the coal operators next March. The present agreements of both the anthracite and bituminous miners expire simultaneously in March for the first time in history.

Lewis told the convention the miners will retain the right to strike in an effort to resist wage reductions. He replied in this way to the proposal of Secretary of Commerce Herbert Hoover for arbitration in case of a disagreement.

Meanwhile a special assessment of \$3 a member is being collected from each of the half million union miners. International officers explained this is being done to replenish the treasury and not in anticipation of a strike.

CHURCH OF BRETHERN MEET

Thirty-Fourth Annual Conference Opens at Oakville Near Muncie

(By United Press)

Muncie, Ind., Oct. 5.—The fifty-fourth annual conference of the Church of the Brethren of Indiana opened Tuesday night at Oakville, eight miles south of Muncie. Ninety-nine churches are represented. The Rev. J. A. McIntuff, of Bluffton, moderator in charge of the conference has announced the following changes in pastorates to take place at once:

Rev. C. C. Carpenter, of Peru, to Hagerstown, Md.; Rev. J. A. Power, of Huntington to Peru; Rev. E. W. Ronk, of Roann, to Salem, Ohio; Rev. I. N. Humbert to Roann; Rev. Benjamin Flora, of Canada to Dutchtown, Cambria and Flora, Ind.; Rev. C. C. Giesco, Evangelist to Brighton; Rev. Byron Staffer, Chicago University to Elkhart; Rev. Will Little, College Corner; Rev. W. I. Duke, Ardmore; Rev. A. T. Wierick of Florida to North Liberty.

The conference will close Thursday night.

FINED FOR SPEEDING

George Ed Ansted of Connersville paid a fine in police court yesterday of \$1 and costs, the charge being for speeding. It was alleged that he drove his automobile between Main and Morgan streets, at 30 miles an hour. He pleaded guilty upon being arraigned. The arrest was made by Patrolman Nicholson.

THIN, FLAT HAIR  
GROWS LONG, THICK  
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

VERNON, GREENSBURG AND RUSHVILLE RAILROAD CO.

Greensburg, Ind., October 5th, 1921.

NOTICE IS HEREBY GIVEN that the Annual Meeting of the Stockholders of the Vernon, Greensburg and Rushville Railroad Company, for the election of Directors and the transaction of such other business as may lawfully be brought before the meeting will be held at the Passenger Station of the C. C. & St. L. Ry. Co., in Greensburg, Indiana, on Tuesday, the 25th day of October, 1921, at 2:30 O'Clock P. M.

EDWARD F. STEPHENSON,  
Oct. 5th. Assistant Secretary.

To Sacrifice Calf To Settle Law Point

Greeley, Colo., Oct. 5.—A calf will be sacrificed here in order to settle a point which may save Rienzi Dickens from the gallows. Dickens on trial for the alleged murder of his father, wealthy Longmont, Colo., banker, is charged by the state's attorney with shooting his father through a window of the latter's home with a 250-3000 calibre rifle. The defense asserts the elder Dickens was killed by a small calibre rifle. Rienzi Dickens owned a 2500-300 calibre rifle. To settle the point a calf will be shot with the high power rifle and the wound compared with that found in the dead bankers body.

SHACKLETON'S SHIP SAFE

Lisbon Oct. 5.—Sir Ernest Shackleton's tiny steamship the Quest in which he had started on a three year voyage of South Polar exploration, and which signaled for help during a severe storm off the Cape Rocks yesterday, put into this port today. Her rigger was found to have been badly strained by the terrific gales and the steamship's engines were also in need of repair.

LADIES' READY TO WEAR

72 x 82 All Wool Blankets  
These are heavy grey wool Blankets, blue border, taped ends, and will not last long at \$5.49

"The Store That Does Things"

BLANKETS

WOOLNAP COTTON WOOL

NOW COMES THE GREATEST BLANKET SALE IN RECENT YEARS

There is an underlying cause for a sale of such magnitude, but we are not going to relate it. We prefer to let the prices speak for themselves. It is of prime importance though that you should know that every pair of blankets concerned in this sale will stand the acid test, and thereby prove that nothing but the best wool or cotton enters into the making.

66 x 80 Cotton Plaid Blankets

Firmly woven, good weight, light or dark grey, or tan plaids, pink or blue border, price the pair \$2.98

64 x 80 Gold Seal Blankets

These are fine quality woolnap blankets, and come in pink, blue or tan plaids, price the pair \$3.75

70 x 80 Wool Nap Blankets

Extra fine quality, and are of good weight, silk crochet ends, pink, grey, tan, lavender, blue or corn plaids price the pair \$4.50

66 x 80 All Wool Blankets

Woven from fine soft pure wool yarn, silk tape ends, comes in pink, blue or grey plaids, price the pair \$7.95

Cotton Blankets

66x72

These blankets are made from extra fine soft cotton and are good weight, come in grey only, with pink or blue border. Every pair guaranteed to be of first quality, price the pair

\$1.98

WOOL DRESS GOODS

French Serge — Storm Serge — Khaki Flannel — Grey Flannel — Plaid Novelty — Check Novelty — Granie Cloth — Poplins

Some of these materials are 56 inches wide, many Fall shades to choose from—navy, blue, brown, green, red, etc.

SUITS

WOMEN'S AND MISSES' SUITS FOR FALL AND WINTER

When you examine the quality of materials, the richness of the decorative touches, and the excellence of workmanship, you will agree with us that these are remarkable values for the times.

\$24.50 to \$69.50

GLOVES

Wool Fabric Gloves, some fleeced lined, good heavy weight, all sizes, come in grey, tan or black, price the pair 69c

KNIT SKIRTS

Figurfit, knit from soft wool yarn, do not crawl up around the hips, come in grey mixed or white, priced at \$1.00

Vamped At 82

Chicago, Oct. 5.—Mrs. Louise Vaughn Merritt, 83, bride of four months, today sued Samuel Hoover Merritt, 82 for divorce.

This is what they told the judge: She: "He was very cruel. He drove me out of his home."

He: "She vamped me."

This is what they told L. J. Legner, license clerk four months ago. She: "Love has no age".

He: "Love never grows old."

They met at a G. A. R. picnic.

YANKEES WIN OPENER  
SHUTTING OUT GIANTS

Continued from Page One  
has in the box for the Giants. R. McNeil skied to Rawlings. Pipp out, Kelly unassisted on a roller. Ward singled to right. McNally singled to left. Ward taking third. Snyder tried to pipp Ward off third and McNally stole second. Schang fanned, third

strike being called. No runs. Two hits. No errors.

Giants—Frisch singled to right on the first ball for his fourth straight hit. Young forces Frisch at second, Ward to Peck. Kelly hit into a double play. Peck to Ward to Pipp. No runs. One hit. No errors.

\*\*\*\*\*  
U. S. THE GABBIEST  
PEOPLE ON EARTH  
\*\*\*\*\*

Washington, Oct. 5.—The American people are far and away the gabbiest in the world, according to relative use of telephones and increasing their facilities in this regard.

Statistics just submitted to the Interstate Commerce Commission, to which the telephone companies must report, show that from July 1, 1920, to July 1, 1921, there was an increase of 562,000 telephones in the United States. The total number is now nearing the ten million point, or one for every eleven persons—men, women and children.

Subject to Denial if  
Mr. Volstead Makes Inquiry

Polo Grounds, New York, Oct. 5.—This is an unconfirmed story, subject to denial if Mr. Volstead makes any inquiries.

Unofficially the bootleggers didn't do a bad business at all up around the Polo grounds last night.

What with 500 baseball fans lined up in the cold and rain and nothing to do but wait for morning—and doing it—it was only natural that some of our unacknowledged trades people should hie themselves out this way with their wares.

The furtive-eyed merchants, on the lookout for the numerous cops, who sidled up and down the long line of fans with many a motion to and from the hip pocket did a thriving business.

Liquor, alleged and otherwise, was to be had by the drink or by the pint. Prices weren't exorbitant. For \$8 a fan could get a pint of perfectly good synthetic gin right from Holland—street.

FANS STORM POLO  
GROUNDS AT DAWN

Continued from Page One  
said Charley, first of the real prophets, the bleacher fans, to tip off the world on the outcome. "And the Babe will probably get himself two home runs".

Joe Jakub, number two, was another Auburnite and he and Fireman Kierst battled all night for Joe is a Yankee rooter.

"They'll take five straight, the Yanks will," Joe told the world, and what more Babe Ruth is going to get a home run every one of the five games".

But who was this number three pew.—Well if it wasn't Carrie DeLong, a 200 pound mahogany colored lady who washes Cary Mays shirts. "Win. Lawdy lawdy man don't you know whose gwin' to win? Why that my man of mine, Mistah Mays is jest naturally gwine to beat those Giants all by his self".

The bleacher line was where the real fans gathered, but there was another long line waiting outside the upper grand stand entrance where a few choice rush seats were to be had by those who came early.

The first women to make the line were three Staten Island girls, Helen, Agnes and Dora. They entertained the nearest fans with shrill songs during the early part of the evening but later on every thing was quiet around their flivver.

By nine fifteen the police had placed the number of fans at 6,000. Ten minutes later they raised it to 7,500. Police Chief William Lynn announced that when the number reached 12,000 bleacher capacity at the Polo grounds, a cordon of the "finest" would be thrown about the grounds for four blocks in every direction.

After that only those holding tickets were to be admitted.

So, with bonfires and battles and occasional business, with stealthy bootleggers the night was passed.

The Yankees were unquestionably the favorites. By this, it is meant that they proved the most popular of the contending teams by the all night fans. Perhaps the official odds were on Giants, but this crowd didn't care; they knew what they liked and most of them liked "swat" and wasn't old Bambino, Ruth good ole' Babe going to be in there banging 'em out?

TO DISCUSS SOCIAL WORK

Representatives of Juvenile Welfare Organizations Meet Oct. 22-25

Muncie, Ind., Oct. 5.—Representatives of all the juvenile welfare organizations of the state will gather here October 22 to 25 to discuss every phase of social work among children.

Evans Woolen, president of the Board of Children Guardians in Indianapolis, will preside. Mrs. Albion Fellows Bason, Evansville, is chairman of the executive committee, and John A. Brown, field service supervisor for the state board of charities is secretary of the conference.

Meetings will be devoted to state laws effecting children, child neglect, child dependence, incorrigible and delinquent children, child labor, child hygiene, homeless children, institutional care, playgrounds, feeble-minded children, and the work of the Parent-Teachers associations.

ROTARIANS LOSE  
DECIDING GAME

Are Defeated by Kiwanians in Third Contest of Series Tuesday Afternoon, 10 to 8

ROTARIANS IN EARLY LEAD

Errors and Questionable Decision in Sixth Over Foul Ball Figure in Scoring

The Kiwanis club's base ball team won the deciding game of a series of three on the Tail Light grounds Tuesday afternoon from the Rotary club, 10 to 8, before a slim crowd. The weather was very disagreeable and cut the attendance considerably.

The Rotarians had a lead of six runs at the beginning of the third inning when the Kiwanians scored three times, but the Rotary team lost the game on errors in the succeeding innings, although a questionable decision figured in the sixth inning when the winners put across four runs.

In this inning Osborne, the first man up, was safe on an error and Trennepohl struck out. After Tompkins got on, Derby Green hit a fast ball down the first base line. The

NOTHING MISSING  
IN WORLD SERIES

Customary Scenes Are All in Place, Including Early Morning Crowds and Hot Dog Stands

ODDS OF 6 TO 5 BOTH WAYS

Shows Gotham Fans Are Evenly Divided Between Yanks and Giants—Ruth Unknown Quantity

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Oct. 5.—Nothing is missing, its the world's series and the customary scenes are all in place.

The early morning crowds, the hot dog stands and lemonade booths on the corner, the urchins peddling coffee to the valiant waiters in front of the bleacher window, the usual fun in the usual way.

The Giants and the Yanks are ready. All New York faces furnish the new feature of this year's fall baseball classic.

Seven times a pennant winner and six times an entry in the world's series, John J. McGraw, the big grizzled, gray leader of the Giants, starts his club today against the Yanks in his drive for his second world's championship.

The Yanks their first time with a

pennant are out to add to their triumph with a world title.

New York is divided between them. The Giants have the heart of the old time fans, but the new generation is backed up solidly behind the great Babe Ruth.

Sentiment shown in the betting proves the big burg divided odds of 6 to 5 are being offered on either club. Wall Street reported today that close to \$200,000 had been put up on the Giants. Freak bets are more popular.

With all the details arranged, the crowd assured, the umpires ready and the weather fine, everything was known this morning but the batteries.

Miller Huggins, the half pine size leader of the Yanks, made no bones of it.

"Mays, if he's any ways near right," Huggins said.

McGraw was not certain. "No secret stuff," he said. "I don't know. Either Douglas or Nehf."

"The Yanks don't like a left handers."

The clubs will be the same that finished the pennant races.

Huggins denied this morning that Frank Baker the veteran series campaigner, would replace McNally at third base. Baker has been on the bench with bad legs, since the Yanks started their drive for the pennant. McNally has been playing such a beautiful game that his manager refuses to break up the combination. —Earl Smith, the Arkansas butcher, probably will do the catching for the

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

The pitch-in supper which was to have been given by the Pythian Sisters next Sunday evening at the home of Rue Webb has been postponed on account of sickness of some of the members.

Miss Maggie Little, entertained the members of the Ladies Aid Society of the First United Presbyterian church yesterday afternoon at her home in Benjamin Street. The regular program and social hour was enjoyed.

Mr. and Mrs. W. P. King entertained with a dinner party Sunday at their home near New Salem. The guests were Mr. and Mrs. Paul Daubenspeck and family and Mr. and Mrs. Lowell Norris and family. A large bouquet of fall roses formed the centerpiece for the table.

Mr. and Mrs. John Boyd were host and hostess for a prettily appointed six o'clock dinner party last evening at their home in Circleville. The guests were Lieut. and Mrs. Stacey Hinkle, who are visiting his parents in this city, and who will leave soon for the Mexican border, and Mr. and Mrs. Harry Hall.

The Woman's Foreign Missionary Society of St. Paul's M. E. church will hold the regular monthly meeting at the home of Mrs. F. R. McClannahan in North Morgan street Thursday afternoon at two-thirty o'clock. Mrs. George Davis will be in charge of the program. As this is the first meeting of the year, a large attendance of members is urged.

Mrs. Mabel Goodson and Mrs. Raridan were charming hostesses for the W. R. C. Penny Social yesterday afternoon at the home of the former in North Sexton street. After the business session a very interesting program was given. During the social hour a delicious two course luncheon was served. The November social will be held at the home of Mrs. George Smith in West Third street.

Mrs. J. C. Sexton was a gracious hostess to the members of the Monday Afternoon Five Hundred club today when she entertained the club and two guests, Mrs. Cullen Sexton and Mrs. T. W. Betker of California, at the Westwood Country Club at Newcastle. At one o'clock a prettily appointed luncheon was served and the remainder of the afternoon was enjoyed with the games of Five Hundred.

A Tri Kappa charity party will be given in the Social Club rooms Friday afternoon. Play will begin at two o'clock and at four lunch will be served. The proceeds will go to the county board of children's guardians. Attention has been called to the fact that this does not conflict with the Delphian society, which does not meet until the second Friday in the month, which will be one week from this coming Friday.

Members of the orchestra of the Main Street Christian church and their families enjoyed a bountiful and delicious pitch-in supper last evening in the basement of the church. Those present were seated at a long table prettily decorated with bouquets of fall flowers. Covers were laid for thirty-three guests and the supper was served in three courses. Following the repast the members of the orchestra rendered several selections.

The Woman's Missionary Society of the Main Street Christian church will hold an open meeting Thursday evening instead of the afternoon, in the prayer room of the church. The program will open with the Bible Study by the Rev. L. E. Brown. The topic for discussion will be "The Report from the Third Commission". The following papers will be prepared: "Inasmuch", Mrs. J. P. Frazee; "Paving the Last Mile", Mrs. Walter Frazee; "Building and Keeping of the House of the Lord", Mrs. B. F. Miller. Mrs. Isom Stevens will have charge of "Echoes from Everywhere" and Mrs. D. H. Dean will be the leader of the program. Special music will be provided by B. F. Miller and Mrs. Carl F. Behr. Every member of the church is invited to this meeting and October ladies will serve refreshments during the social hour.

The Little Flat Rock Missionary Society held their regular monthly meeting yesterday afternoon in the Sunday school room of the church. Mrs. Georgia McKee was leader of the excellent program given.

Mr. and Mrs. W. D. Root entertained with a delicious dinner party Monday evening at their home in this city, honoring Mr. and Mrs. Paul Root who were recently married. Mr. and Mrs. Root and Mrs. Don Root returned to their home in Kenton, Ohio, this morning. Mrs. Paul Root was formerly Miss Lora Sparrier of this city.

One of the pretty weddings of the season was solemnized at Connersville yesterday morning at eight o'clock in the St. Gabriel Catholic church when Miss Gertrude O'Brien, daughter of Mr. and Mrs. Thomas

O'Brien, was united in marriage to Guy McMath, son of Mrs. Sarah McMath of Richmond, the Rev. Monsignor Mesker officiating. The bride looked lovely in a navy blue suit with accessories to match and carried a large bouquet of brides roses. Miss Helen O'Brien, sister of the bride, acted as bridesmaid and she wore a navy blue suit and carried a bouquet of Ophelia roses. John Brennan of Connersville was the best man.

Following the ceremony a delicious wedding breakfast was served to the immediate relatives and families who were present.

Following the wedding breakfast the bridal couple left on a honeymoon trip to Chicago after which they will be at home to their friends at 1940 Grand Avenue, Connersville. The bride is well known in this city having relatives living here and has visited here on a number of occasions. The bridegroom is auditor of the Lexington Motor Company.

## 10TH DEATH IN FEUD

(By United Press)  
Chicago, Oct. 5--Victims of the political feud of the "Lolody Nineteenth ward" reached ten today when nine shots were pumped into the body of Joseph Marino, 26, from ambush. Marino is dying.

## Announcing the Autumn Premiere of Printzess Coats and Suits

IT is a great pleasure to announce to our patrons the premiere of the Autumn mode as interpreted by Printz.

More than ever, this season, does distinction of design mark the Printz originations. More than ever does superior quality distinguish these models.

Engaging variety makes this showing one of dominant interest. Smart new features of design are evident. And always the perfection of Printzess tailoring; the elegance of Printzess all-wool fabrics. A comprehensive ensemble!

This collection includes suits and coats for women and misses, of every age and type—and coats for girls of six to fourteen.

You will be surprised to find that Printzess coats and suits are moderately priced, no higher than many garments of questionable value and infinitely more desirable

We invite you to attend this premiere showing.

## GUARD UNITS ARE TO BE ASSIGNED

Adjutant Harry Smith Makes Tentative Arrangements For Newly Organized Militia

### 5 BATTALION HEADQUARTERS

Rushville is Included as One of the Nine Rifle Companies in The National Guard

Indianapolis, Ind., Oct. 5.—Tentative allocation of the new National Guard units were announced today by Adj. Gen. Harry Smith.

There are two new regiments in the process of formation—the 151st artillery and the 152nd infantry.

The headquarters of the first, second, third, fourth and fifth battalions of artillery are in Angola Heights, Bloomington, Terre Haute, Frankfort and Goshen respectively.

The first battalion of this regiment consists of batteries A and B located at Kokomo and Elwood.

The headquarters of the service battalion is in Muncie. Batteries A, B and C of the old 139th are all in Indianapolis; a howitzer company is in Portland.

The second battalion batteries C and D are located in Lafayette and Bloomington, respectively. The third battalion, Batteries E and F are located in Madison and Evansville respectively.

The fourth battalion, batteries E, F, G and Machine Gun corps H are located in Shelbyville, Martinsville, Logansport and Indianapolis, respectively. The fifth battalion; Batteries I, K and L are in Attica, Fort Wayne and Greensburg, respectively.

There is an engineer corps located in Gary. This is comprised of three companies of the 38th division of the Signal corps.

One animal drawn and one motor drawn ambulance company is located at Marion. The motor transport corps is in Indianapolis.

There will be nine rifle companies. Two are in the process of formation, in Evansville, and one in each of the following: New Albany, Salem, Fort Wayne, Rushville, Mishawaka, Delphi and Lafayette. One service company is located in Elkhart.

The location for headquarters of the battalion of engineers is undecided but it will probably be in the northwest part of the state.

Rensselaer, Seymour and Columbia City each has a medical unit.

Definite location will be given out later, General Smith said. The plan is to have equally distributed over the state. The machine gun companies will be detached from the other units for the purpose of more concentrated drill with the units in South Bend and Indianapolis each under a major.

## REFORESTATION WILL SAVE STATE STREAMS

Streams of The State Are Running Dry Declared Lieber Director of Conservation Department

### CONSIDER BUILDING DAMS

Indianapolis, Oct. 5.—Only reforestation will save Indiana streams, Richard Lieber, director of the department of conservation said today.

The streams of the state are running dry, Lieber declared.

The shade of the trees and the thick layers of leaves deposited upon large areas hold the water, the director explained. Men profit by cutting down forests and raising crops on the cleared area and let the old land lie fallow. Generations from now, if the exhausted lands are not planted with trees the underground streams will become dry and the soil will become sterile.

In the district in the region the Kankakee river the streams and lakes are perceptibly running dry. Lake clear in LaPorte is disappearing.

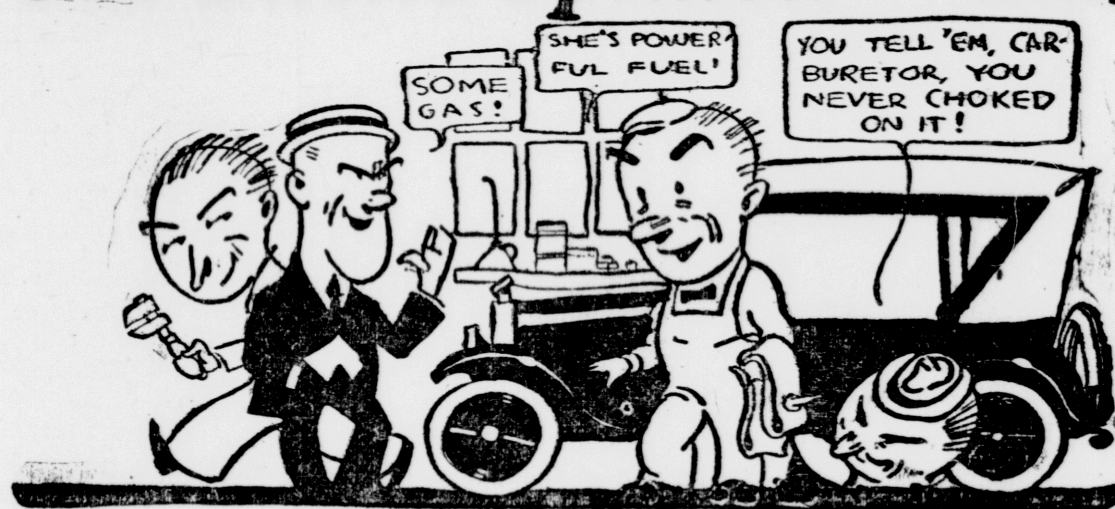

During the last meeting of the conservation commission sixteen cases of stream pollution were presented. If these streams were of a large volume these wastes would be washed away, according to conservation officials.

Many cities are considering building dams to save the potable and industrial water. Indianapolis is considering the feasibility of a dam across White River.

Floods in the lowlands and droughts in the highlands are caused by the lands being drained so quickly. Reforestation would remedy this.

## You can't beat 'em!

Old Public Opinion—and

## Silver Flash Gasoline

If you want the straight-from-the-heart lowdown on Silver Flash, ask the motoring public of Indiana.

You'll get an honest opinion, based on actual use.

Thousands of automobile owners buy nothing but Silver Flash, because from no other brand of gasoline can they get the sure, easy start, the fast, zippy pickup, the tremendous power and the big, money-saving mileages that Silver Flash always gives.

## TO TAKE AUTOPSY ON BODY OF MILLIONAIRE

District Attorney Searching For Anonymous Letter Which Suggests Searles Was Murdered

### TO EXHUME THE BODY

(By United Press)

Lawrence, Mass., Oct. 5.—The autopsy on the body of Edward F. Searles, Methuen multi millionaire, will be held today. Searles' Methuen multi millionaire estate was valued at \$1,000,000. He was murdered by poison, probably will take place in the crypt of the private mausoleum on the Searles estate on October 13, it was learned today.

While preparation for the examination of the body were going on, District Attorney Howard Donnell, of Essex county was searching for the writer of an anonymous letter

which suggested that Searles was either murdered or his death "helped along." Donnell said today he believed he had a clue to the identity of the mysterious writer.

Donnell still believes the aged man died a natural death from heart disease and old age.

The Methuen board of health today received a request from Donnell to exhume the body.

A New York lawyer said to represent executors of the will had a long conference with District Attorney Donnell late yesterday. The stranger left without making known his identity and Donnell declined to make any statement about him. However, it was immediately after the visit of the New York man that Donnell admitted that he has a clue to the identity of the author of the anonymous letter.

## QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Cascarets; therefore is thoroughly reliable.

## SALT FINE FOR ACHING KIDNEYS

We eat too much meat which clogs kidneys, then the Back hurts

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## STEEL COMPANIES USED SPY SYSTEM

These Facts Are Declared in Report on 1919 Steel Strike by Commission of Inquiry

### MEN SPIED ON EMPLOYEES

Alleged to Have Whispered Depressing Rumors Among Them to Stir up Ill Feeling

New York, Oct. 5.—The alleged spy system employed by steel companies in their mills was described in a supplementary report on the 1919 steel strike by the commission of inquiry of the Interchurch World Movement, made public today.

The report quoted hundreds of documents on "under cover men" in the steel strike and stated that "widespread system of espionage are an integral part of the anti union policy of great industrial corporations."

According to the commission spies hired by the steel companies worked like other employees, whispered depressing rumors among them and in daily mailed reports advised "influence" by municipal authorities to close up public meeting places.

The report also stated that spies were employed against the commission in its investigations.

For the first time details of the commission's interview with Judge Elbert H. Gary, chairman of the board of directors of the United States Steel corporation were made public.

The interview lasted two hours and Gary refused to listen to any play for mediation and was quoted as declaring that the aims of the strike were "the closed shop" soviet and the forcible distribution of property."

If an eight hour day would be adjusted he would endorse it, Gary was said to have stated and he would assent to "collective bargaining with the right sort of an organization" but that the strike had been fomented by "reds" and that nobody whom William Z. Foster represented would be allowed to return to the mills under any circumstances.

The commission stated that Gary's final words were "there is absolutely no issue".

## Distinction!

That belongs unquestionably to the Willys-Knight car with the wonderful Sleeve Valve Motor. It is everlastingly dependable. After years of service, it runs as smoothly and economically as on the first trip. It is remarkable value for money.

"IT IMPROVES WITH USE"

## WASHES HER HAIR AND WAS DOCKED, CLAIMS

Mary Miles Minter Will Try to Collect \$4,125 From The American Film Company

### COMPANY APPEALED CASE

San Francisco, Cal., Oct. 5.—Whether Mary Miles Minter can collect \$4,125 which she claimed the American Film company docked from her salary because she washed her hair and had the toothache, was the charge the federal circuit court of appeals had before it today.

The jury of Los Angeles ordered the film company to pay that amount and the company appealed. Mary alleges that she was docked \$187.50 when she washed her hair and would not photograph like it did the day before, and that she was docked still more because she had had the toothache and her face was swollen and still more when she laughed in front of the camera when the director told her to cry.

In reply the defense stated that they hired experienced hair dresser with no success and that it was not proper to laugh when ordered to cry and that Mary was too temperamental.

### ROTARIANS LOSE DECIDING GAME

Continued from Page 5.

ball hit the ground and bounced several times; striking the Capital Lumber company's building at least a foot outside the foul line. The umpire called it a fair ball, maintaining that it hit fair and Osborne and Tompkins scored, Green taking second on the play at home. During the argument over the decision, the ball was put in play before the Rotarians were all in position and Thomas hit the ball to center field. The hit would not have been good for more than a single under ordinary circumstances, but Thomas made three bases on it and scored on the throw in to the home plate, Green also scoring on the hit.

Catt hit safely and Young walked, but Foley was thrown out at first and Groom fanned the air.

In the third the Kiwanians scored three times when Osborne struck out, Trennepohl was safe on an error and went to second when Tompkins walked. Trennepohl scored on Green's hit and Tompkins made third. Green stole second and third and scored on a fielder's choice when Thomas was safe on an error, Catt was thrown out at first and Young fanned.

In the fifth Trennepohl was safe at first on an error, Tompkins walked and Green was also safe on an error. Thomas struck out but Catt made first on an error and Trennepohl scored on the play. Tompkins and Green scored on Young's hit, which went for a hit because the right fielder misjudged it.

The Rotarians started scoring early. In the first Mauzy, first up, walked and stole second. Wyatt's hit scored him and Wyatt scored. In the second Abercrombie hit safely. Kirklin walked and Wiltse's hit scored both of them. Wiltse then scored on a line drive by Pearce. Mauzy, Griesser and Wyatt went out in order at first.

In the third the Rotarians scored one and in the fifth put across another one when Wyatt was safe on an error and Mauzy, running for him, scored on a long hit by Endres to deep center. In the sixth Kirklin given a base on balls and Wiltse hit for two bases, Kirklin having been caught at second before he delivered the hit. Pearce fanned and Mauzy walked, but Griesser's hit scored Wiltse.

The summary:

Kiwanis	123 456 7—R H E
Rotary	003 034 0—10 7 1
	231 011 0—8 7 8

### NOTHING MISSING IN WORLD SERIES

Continued from Page 5.

Giants. He is a very effective hitter if he does not carry excess baggage up stairs.

Wall Schang the sparse locked veteran of a flock of world series, is sure to do most of the catching for the Yanks.

All of the betting and the talk seems to be centered around Babe Ruth. Will Babe hit the Giant pitchers and will McGraw let him hit? are the absorbing questions.

"It all depends on the situation," McGraw said today when asked if the Bam is to get a free ticket every time. "No manager would put the tying or winning run on bases. It all depends."

Both clubs are in great spirits. Bob Meusel, the big Californian in the Yank family is the only near casualty. He has a cold that will not prevent him from playing. The Giants are all fine and we know that we are going to get the series. It's a hard fight though and it may go the limit, Dave Baneroff, captain of the national leaders said.

Peckinpugh the Yankees field leader figures: "We're ready because we had to play to the last minute. Any American League pitcher ought to be able to tell why we'll win the series."

### TENNIS HOLDS INTEREST

Lafayette, Oct. 5.—Tennis enthusiasm has taken a new hold on Purdue university students, as shown by the increase in number of contestants for the singles and doubles honors of the university. In 1920, sixty four signed for the single matches and 16 dropped out. This year, 91 signed up and only four dropped out.

### NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush county, ss.:

Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 2835 feet in length in said county by grading, draining and paving with macadam as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 29th day of October, 1921. Bids or proposals will be received up to 2 o'clock p. m. on said date.

The said road to be improved is located in Orange township, in Rush county, Indiana, and is to be known as the Francis Hurst, et al. road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any subcontractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Each bidder must furnish with his bid a certificate from the Industrial Board of Indiana evidencing the fact that he has his employees properly insured under the Compensation law.

Given by order of the Board of Commissioners of said county.  
PHIL WILK.  
Oct. 5-12-19 Auditor, Rush Co., Ind.

## TO HOLD SMALL FIRING SCHOOL

Culver Military Academy to Give Special Training For Selected Members of National Guard

TO OPEN EITHER OCT. 10 OR 17

Course Designed to Teach Men to Become Rifle Instructors in Their Own Units

Culver Ind., Oct. 5.—Special training in rifle and pistol firing for selected members of the Indiana National Guard will be given at Culver Military Academy in a small arms firing school under Major Basil Middleton, who has been appointed commandant and senior instructor of the school. The school will operate for two weeks and will be held the middle or latter part of October, opening either Oct. 10 or 17.

One member of each unit of the national guard is to be appointed by his company commander to attend the school, and the school will be limited to twenty-five students.

The course is designed to teach men to become rifle instructors in their own units and was worked out by Major Middleton and Adjutant General Harry B. Smith, of the guard who is making every effort to build up the national guard organizations

in Indiana and is anxious to have competent rifle coaches in every company.

Since the course is for the purpose of training instructors the general order sent to company commanders by the adjutant general stresses the necessity of appointing non-commissioned officers competent of becoming coaches, or privates who are especially qualified and who are in line for promotion. Marksmanship, range construction and the care of ordnance will be the three main subjects covered. The course will include both theoretical and practical work. Four hours of range work or ordnance study in the morning and the same number in the afternoon will be put in daily and each night there will be a two-hour study period. The guardsmen assigned to the school will be organized into a provisional company and will observe the same rules and formations as the regularly enrolled Culver cadets. They will be quartered in floored and electric-lighted tents.

Each student will receive transportation and pay from the state, the pay being the same as the corresponding grade in the army.

The first firing school for the purpose of training and qualifying instructors was established in 1918 at Camp Perry, Ohio, and as far as can be determined by the authorities at Culver and in the national guard this will be the first time any state has undertaken to institute a school of this kind for its national guard.

The commandant, Major Middle-

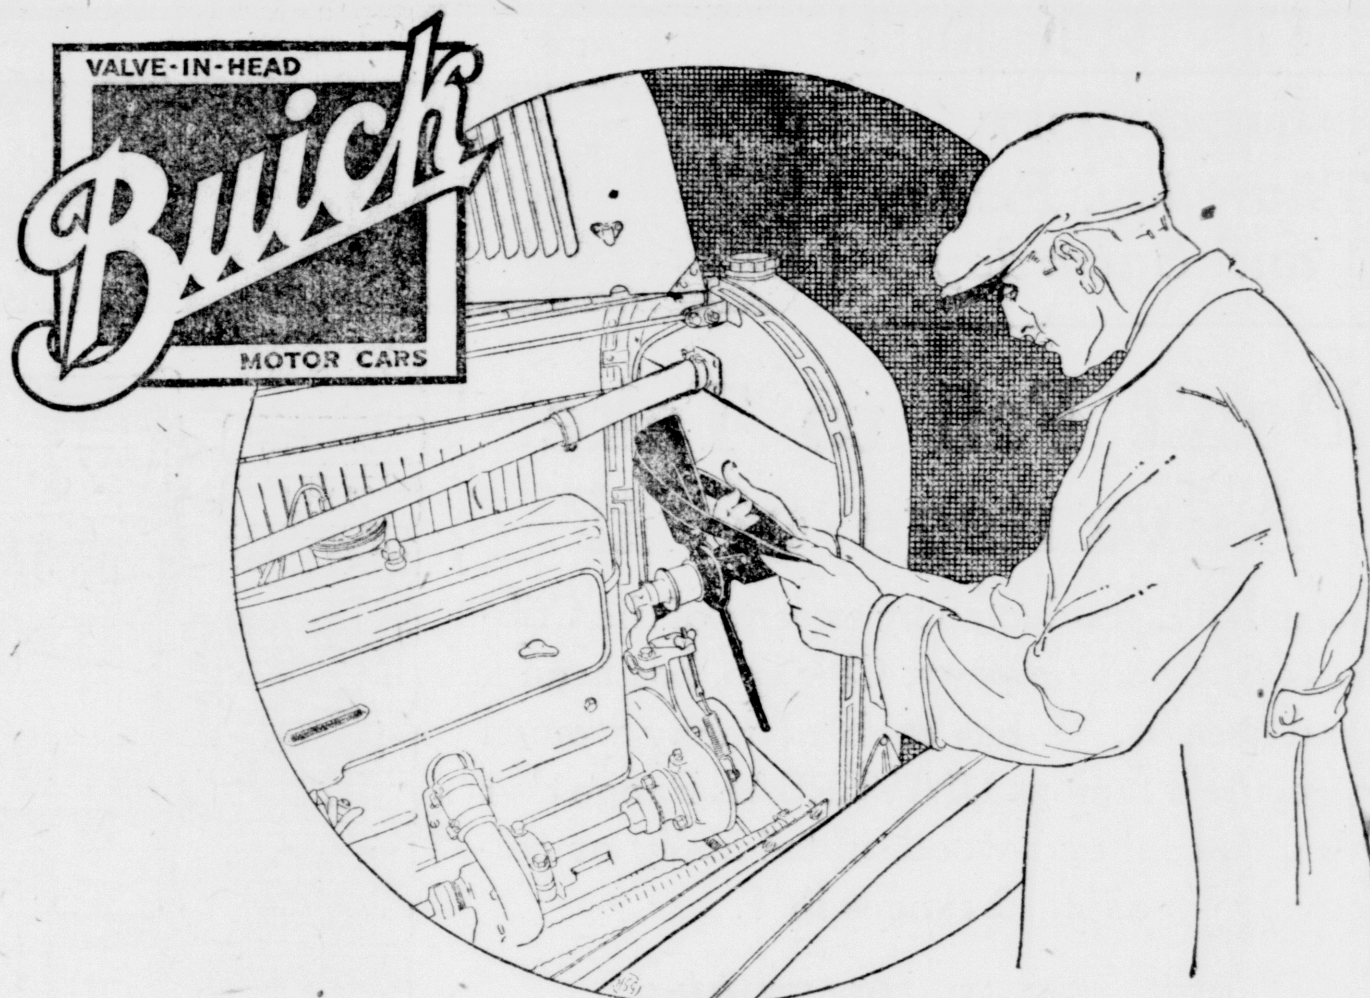

ton, is one of the foremost rifle experts in the country. He was one of the instructors at the first firing school at Camp Perry and for the last several years has coached rifle teams which participated in the national rifle matches. He has made a splendid record as the instructor in target practice at Culver Military Academy and has produced many first class marksmen in the ranks of the Culver cadets. In the last three years his Culver rifle team has twice won the national shooting trophy offered by the war department to the winner in a ten week's shooting competition between military schools in the United States; and in the other match the Culver team was second. Last year Culver's varsity team won twenty-one medals and trophies on the rifle range, and Middleton himself won the rifle championship of Indiana at the match held at Ft. Harrison last August. That was his third state championship.

The Culver range is equipped with the largest target apparatus and the academy also has an indoor range which is said to be one of the best in the United States.

General Smith will visit the school when it is in operation and will make an inspection.

### THANKFUL FOR HELP AT FIRE.

Dr. J. M. Lee, whose home was damaged by fire Monday evening, said today that he desired to express publicly his thanks to the fire department for its efficient work and to the volunteers who saved much of their furniture.

## How Buick Accessibility Saves Owners Time and Money

Buick cars are built so they can be operated with a minimum of expense. If a part needs attention it is easily accessible. For instance, adjusting or putting a new fan belt on a Buick is a job that is handled by the owner in a few minutes. Buick invites comparison.

## POSSIBILITY OF A RAIL STRIKE REMOTE

Union Official High in Councils of Brotherhoods Doubts if Workers Will Quit

### VOTE COUNT TO LAST A WEEK

Chicago, Oct. 5.—There is only a remote possibility of a railroad strike. Industrial conditions do not councils of his brotherhood stated today. In spite of the strike vote now being taken," said this official, "I do not believe there will be a strike. Industrial conditions do not warrant one. In case of a strike half the union men would become 'scabs' and the other half tramps. This is no time for a strike."

The name of the official was withheld at his request.

Counting of the ballots of the Brotherhood of Locomotive Engineers, Locomotive Firemen and Enginemen, the Switchmen's Union of North American and the order of Railway conductors will not be completed before a week it was announced.

Tabulation of the vote of these organizations on the proposition of accepting the 12 percent wage cut which took effect July was continued today under the direction of brotherhood chiefs.

Early returns showed the men voted overwhelmingly in favor of a strike.

### KNIGHTS TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated convocate Thursday evening beginning at 7:30. As this is the first fall meeting it is desired all Sir Knights attend to discuss some special matters. This will be the first rehearsal for inspection which will be held next month.

## SHE IS GRATEFUL FOR HER RECOVERY

Indianapolis Woman is Enthusiastic Over Big Change in Her Condition

"The best and grandest medicine in the world is just what Tanlae deserves to be called," said Mrs. Alice Boyden, 217 North Davidson St., Indianapolis, Ind.

"It has just made me feel like a different person altogether. When I began taking it I was in an awful condition from stomach trouble and I had suffered constantly for three years. My back hurt me, my complexion was sallow, and I was hardly able to drag one foot after the other."

"I never felt better or stronger in my life than now. It is simply marvelous to me that this medicine was able to make such a big change in my condition in such a short time."

Tanlae is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

## Look 'Em Over

And when you're done you'll agree that the Overland is way ahead of all for value. It's dependable — comfortable — decidedly economical. A real buy for the man who counts his dollars by the hundred or by the thousand.

Overland owners get 25 miles and upward to the gallon of gasoline. All-steel body with enamel finish. Three-speed and reverse transmission.

## FRANCE HARD HIT BY HARD TIMES

Statistics Regarding Economic Status And War Losses Must be Considered Simultaneously

### EXPORTATIONS DECREASING

France Has Remarkable Record of No Unemployment And no Labor Unrest—in Good Condition

By WEBB MILLER  
(U. P. Staff Correspondent)

Paris, Oct. 5—In common with most of the world, France is hit severely by the general depression of business and economic conditions.

That usually accurate barometer of national prosperity—the importation and exportation statistics—shows storm clouds in heavy decreases in the vital items.

But in reading any statistics regarding France's economic status, figures of her terrible war losses and wonderful reconstructional effort must be considered simultaneously. To cite only a few—1,364,000 men killed, 4,571,000 acres of arable and devastated, the great industrial and coal basin of the North ruined.

These figures serve to partially nullify the statistics usually relied upon by economists.

Against these figures stand 3,420,000 acres cleared and put under cultivation, 3,645 factories resumed work out of 4,700 ruined, 8,426 miles of roads rebuilt, 2,292 miles of railways reconstructed.

On the opposite side of the ledger are the figures of importation and exportation. After rising by leaps since the armistice, the exports show a marked setback. As compared with the similar seven months of 1920, exportations decreased in value from fourteen billion francs to twelve billion francs.

The most disquieting feature of the statistics is the unprecedented drop of importation of raw materials from fifteen billion francs to five billion.

An encouraging note in the impor-

tations is the great fall in imports of foodstuffs by four and one-quarter billion francs, showing that France is rapidly regaining her power of feeding herself independently.

On the other hand, France has a remarkable record of no unemployment and no labor unrest.

Owing to the fact that her great basic industry is agriculture, France is in a much more favorable position than big manufacturing nations. In general agriculture is in a much better shape than for years, and the patient industry of the French peasant is unequalled in Europe.

The Ministry of Agriculture just announced, despite the drought, the wheat crop surpasses all records with 87,000,000 of quintals, including 2,000,000 from Alsace-Lorraine. The average yield of 16.4 quintals per hectare also established a record. The immediate result was a reduction in the retail price of bread, which is a far greater staple foodstuff in France than any other country. Another result will be the hauling of importations of wheat and heavy payments in depreciated currency.

Unheralded in the press, France is passing through the crisis of a silent "buyers' strike". As prices steadily mounted the mass of people gradually stopped buying anything except necessities. It is a hard blow to the stores that had stocked up with money borrowed from the banks at high rates. Although the storekeepers are stubbornly holding out, trying to get out even, the prices in clothes and shoes have been forced down about 20 percent.

Since the first of the year the general cost of living has dropped about 15 percent. Meantime, wages have followed with an average decrease of from 12 to 15 per cent.

But food prices, except bread, are tenaciously holding to the top notch, with prospects of soaring during the winter, owing to the two months' drought. The vintage of wine is above the average.

Owing to the destruction of the Lens coal fields, France's coal production is still far under pre-war production, which, in turn, directly affects nearly every branch of national industry. Statistics show that steel and iron production exceeds

France's national needs but she is unable to market it freely.

But despite the heavy burden of her devastated regions and the unfavorable world economic condition, French economists and business experts agree that fundamentally, France is sound, and needs only time and work to put her on the road to the old-time national prosperity.
